

INSURANCE LOSSES

Losses Are Felt for Tanker Long Overdue.

NEW YORK, March 9.—Reports yesterday of marine disasters indicated that the loss of the tanker *Atlantic* was added materially to the shipping losses of a winter which already had placed a heavy burden on insurance companies and owners.

Reports received yesterday showed the tanker *Atlantic*, four days overdue from Matanzas to Baltimore, had failed to respond to wireless calls. Her owners expressed fear she had met with disaster.

The schooner *Eva B. Douglas*, a staunch vessel which has weathered in years past some of the heaviest gales along the Atlantic coast, had to be abandoned off Nantuxet with the coast guard cutter *Albatross* attempting to tow her in.

The Lake *Editha* with a broken propeller was anchored dangerously close to a small near island, calls for assistance from this ship brought the *Editha* and an attempt will be made to tow her to safety.

The steamer *Wagoner* from Miami, Fla., for New York also is disabled, several hundred miles off and in the face of another gale.

The *Editha*, a new shipping board steamer is said to be looking and others are expected to arrive from New York.

YOUR BOY—

How will he grow up? What kind of a man will he be?

YOU have many plans for him. But you never thought of Music in connection with him. You want him to be rich and talented—a business man or a doctor, a lawyer or a great engineer. But whatever profession he may choose you want him to achieve success.

Above all you want him to be happy. You want him to get all the fullness out of life. For him to do this, you must plant the right seeds. The routine education he will have, but he needs more. He needs an influence which will harmonize his faculties, refresh his spirit, steady his nerves, stimulate his courage.

Then he needs to know how to enjoy himself, in a healthful, restful way. As a young man the ability to play some musical instrument will make him the "life" of every social gathering. As an older man, familiarity with Music and a love for it will be a means of relaxation when that is what he needs, and an ever ready source of pleasure when he seeks enjoyment. Music will be a companion for his every mood.

Look into the lives of the big men in the world and you will be surprised how many have had a love for Music. Washington, Jefferson, Benjamin Franklin, Gladstone, Balfour, Andrew Carnegie, Frick, Schwab, Otto Kahn are all listed among music lovers.

"I have always believed that it was essential for successful business that a man be possessed of sentiment, love of Music, and an appreciation of the beautiful things of life."

—CHARLES M. SCHWAB

Keep your boy from the street corner gang by giving him music in the home. Keep your family together by that all delightful atmosphere of Music and you and they will be happier than through any other single means.
